Camp Philosophy

The Brogan Basketball Camp is designed to provide a challenging and educational basketball experience. Each student athlete will be coached throughout the week with a staff recognized for their ability to teach basketball in an enthusiastic and safe way.

From Jim Brogan:

As a former NBA Player, I was exposed to a level of play some athletes can only dream of. I only realized this dream through a great deal of hard work, determination, and a willingness not to give up. I have taken what I learned at the NBA level and applied them to many areas of my life. Playing against players such as Larry Bird, Magic Johnson, Julius Erving, and Kareem Abdul Jabbar was a wonderful experience, but it was *their* ability to execute the fundamentals in a way that made them and the other players around them great. What I teach and how I teach your son or daughter will effect them in other areas besides basketball as well as expose them to a level of teaching they may never have had the opportunity to experience.
